

## Pump Spray Bottle

### Description

Our Pump Spray Bottle is a spray bottle with a hand pump and has universal application. It can be used for numerous chemical products such as Rapid Cleaner, Rust Solvent, Multi Spray and Universal Cleaner.

### Properties

- universal application
- simple to use
- outstanding chemical resistance
- simple to use

### Areas of application

The Pump Spray Bottle can be used for numerous applications for spraying Rapid Cleaner, Rust Solvent, Multi Spray and Universal Cleaner.

### Application

Fill the Pump Spray Bottle with the chemicals for which it is designed. Do not exceed the maximum capacity of 1 litre. Pressurise the bottle by working the pump up and down and adjust to the desired spray pattern by rotating the nozzle. Clean the bottle and the pump when switching over to a different fluid.

### Comment

When the bottle is under pressure, relieve the pressure at the spray lever or by carefully loosening the bottle before opening it.

Attention: For safety reasons no acid products may be processed with the pump-spray bottle!

The material compatibility was only checked in combination with the specified LIQUI MOLY products.

### Available pack sizes

1 l Spray bottle plastic 3316
